Special Rules

The starred units are Silver Shields. Place a special unit block with these units. The Silver Shields will score a hit for each Leader symbol rolled and may ignore one flag.

A unit from Antigonous' army that capture (enters) Eumenes camp hex gains 2 victory banners for Antigonous. This banner is counted for the overall total, not Eumenes right flank. The unit must end its turn in the hex. The camp may only be captured once and when the victory banners are gained they cannot be lost.
